- Combat system: Behavior Engine
- Profile: LazyBot V1.7
- Start botting: Profile: 2.0BloodElf-12.xml

The bot's status for 'Nidal - 7' is shown as:

- HP: 100%
- Mana: 100%
- XP: 8%
- TTL: 02h:07m:27s
- XP/h: 0

The console log shows the following messages:

```

A red box highlights the error message: "Key: Judgement of Light does not exist on your bars". A red line connects this message to the spell icon in the action bar. Another red box highlights the spell tooltip for "Правосудие света" (Righteousness), which is also highlighted by a green box. The tooltip text is:

**Правосудие света**  
Мана: 7  
Мгновенное действие  
Высвобождает энергию печати и поражает ею противника на 20 сек., после чего каждая атака против него может восстановить 2% от максимального запаса здоровья атакующего. Каждая печать имеет индивидуальный эффект при свершении "Правосудия". Одновременно паладин может поддерживать только одно заклинание категории "Правосудие".  
Радиус действия: 10 м  
Восстановление: 10 сек.

The screenshot also shows the game environment, a chat window with various messages, and the Windows taskbar at the bottom.
